SUMMARY

Results-oriented Engineering Executive with a proven track record of optimizing project outcomes. Skilled in strategic project management and team leadership. Seeking a challenging executive role to leverage technical expertise and drive engineering excellence.

PROJECTS

Ghanghar Organics   try it

- Developed a fully responsive frontend interface for browsing organic oil.
- Implemented product cards, sections like mission/vision, and navigation bar for seamless UX
- Learned: Practical use of React and Tailwind CSS for production-ready UI, routing via React Router, and basic deployment practices

Edusity – Online Information Platform   try it

- Built multi-page layout with interactive sections like Home, Courses, Campus, Testimonials, and Contact and used reusable components and props to streamline development.
- Learned: Component-driven design in React, responsive layout techniques, smooth navigation with client-side routing

Gulmi Complex - a e-com application   try it

- Built a responsive multi-page site with sections like Home, Shops, Gallery, and Contact
- Used reusable components and smooth client-side routing for better UX
- Learned: React Router navigation, Tailwind layout techniques, and Vercel deployment
